

Dear Parent/Guardian,

Envision EyeCare for All - Mobile Vision Services Program

The Envision EyeCare for All, Mobile Eye Clinic is coming to your school! We will potentially have the privilege of providing an eye examination to your child at school. If indicated, we will also order glasses for your child. Glasses will be distributed at the school approximately 4 weeks after the exam. If your child has state medical insurance (Medicaid/Oregon Health Plan), your insurance may be billed. If your child has no insurance the exam and glasses will be provided to you for free by using grant funding/community resources. **Either way, your family will not have to pay out of pocket for the exam or glasses.** Your child will receive a comprehensive exam provided by one of our licensed optometrists.

In order to provide the best care possible to your child, we utilize dilating eye drops during the examination. Dilation is the best way to evaluate eye health and is often helpful in providing the most accurate glasses prescription for children. Dilating eye drops may cause mild stinging for a few seconds when instilled. The pupils will stay large and your child may be more sensitive to bright lights for up to six hours. It is normal for the drops to cause blurred vision, mainly when looking up closely, which should resolve within 24 hours.

A summary of the exam findings and a copy of the eyeglasses prescription will be provided the day of service.

If you have any questions about the examination, dilation or specific concerns about your child that you'd like addressed, please contact Envision EyeCare for All at 541-645-8400. All scheduling is done online through our website.

Sincerely,

Rebecca Chown, OD, FAAO
Program Director

Child's Information:

Child's First Name: _____ Last Name: _____
Date of Birth: _____ Sex (legal): _____ Pronouns: _____
Telephone Number: (____) _____ Email: _____
Mailing Address: _____
City: _____ State: _____ Zip: _____ Mailing Address not available
